Subject: Deer Creek Debris Basin Data Quality Act RFC, Extension

Dear Mr. Becker:

Pursuant to our conversation last week, and in light of the continuing Headquarters review of your Data Quality Act (DQA) Request for Correction (RFC) of 2 March 2004, the Corps requires an additional 30 calendar days, in finalizing our response to your request. We are in the process of reviewing and coordinating your RFC. We anticipate that a completed response will be forwarded to you by 29 November 2004.

If you have any questions please call me.
