Ms. Madeleine Fortin

Miami, Florida 33187

Dear Ms Fortin:

This is in further response to my November 30, 2004 letter concerning your Request for Correction (RFC) on the Supplemental EIS for the Central and Southern Florida Project, Modified Water Deliveries to Everglades National Park, Florida, 8.5 Square Mile Area, published July 2000 by the U.S. Army Corps of Engineers, Jacksonville District.

The person responsible for drafting the response returned to the Jacksonville District from his tour of Iraq and continued his review of your RFC. Due to unforeseen circumstances, however, he was abruptly recalled to Iraq. I now have the District's assurance that your RFC has been assigned to someone who will have the time and resources to provide a meaningful response. As a result, however, we will need an additional 45 working days from the above date to completely process your RFC. I appreciate your patience and understanding in this process. Should you have questions or require further information, I can be reached at 202-761-8557 or e-mail at [Richard.C.Frank@usace.army.mil](mailto:Richard.C.Frank@usace.army.mil). I am responding for Ms. Linda Genovese, the Interim Information Disseminating Activity administrator who is on an extended assignment.

Sincerely,

A handwritten signature in cursive script that reads "Richard C. Frank".
