Miami, Florida 33187

Dear Ms Fortin:

This is in response to your letter addressed to Lieutenant General Carl A. Strock of the U.S. Army Corps of Engineers (USACE) and dated 15 August 2005. We apologize for not contacting you earlier for the added delays to our previous extension date of 13 May 2005.

Reference your Request for Correction (RFC) concerning the Supplemental EIS for the Central and Southern Florida Project, Modified Water Deliveries to Everglades National Park, Florida, 8.5 Square Mile Area, published July 2000 by the U.S. Army Corps of Engineers, Jacksonville District. In my absence, your RFC was initially received by Richard C. Frank, USACE Office of Chief Counsel, on 9 August 2004.

Due to continued coordination, we will need an additional 45 working days from the date of this e-mail to completely process your RFC. The USACE Jacksonville District is preparing a response and we anticipate receiving that draft response soon. After we review the draft, we will provide it to the Office of Management and Budget for review, then finalize. We anticipate a final response will be forwarded to you by 4 November 2005. Should you have questions or require further information, I can be reached at 202-761-7115 or e-mail at Linda.C.Genovese@usace.army.mil

V/R,

Linda C. Genovese
