

Civil Works Review Board Project Briefings -- FY 2012 Schedule

POC: Marilyn Benner, CECW-PC 202-761-5220

(Information as of 20 August 2012)

NOTE: For each date, there will be a maximum of a morning (8am-12pm) and an afternoon (1pm-5pm) session. We may need TWO CWRB days in some months to accommodate multiple project requests. If it turns out there are only 1 or 2 projects in a month, we will reschedule both projects to hold CWRB only on the primary date and cancel the second date.
