Honorable Jim Nussle  
Director  
Office of Management and Budget  
Washington, D.C. 20503-0008

Dear Mr. Nussle:

In accordance with Executive Order 12322, I am submitting for your review draft letters to the Speaker of the House of Representatives and the President of the Senate. The letters express the views and recommendations of the Secretary of the Army in support of a flood damage reduction project for the communities of Cynthiana, Millersburg, and Paris, in the Licking River Basin, Kentucky.

The proposed project is described in the report of the Chief of Engineers dated October 24, 2006. Copies of the report and other supporting data are enclosed. The report was prepared in partial response to a resolution adopted by the Committee on Environment and Public Works of the U.S. Senate adopted January 21, 1987. The project was authorized in Section 1001(22) of WRDA 2007.

Please advise this office whether the project is eligible for budgetary consideration in the President's budget.

Very truly yours,
