

**SECTION 154 – CAA, 2001, AS AMENDED
NORTHERN WISCONSIN**

**MODEL AGREEMENT
FOR
DESIGN
ASSISTANCE
(WORK PERFORMED BY NON-FEDERAL SPONSOR)**

MODEL HISTORY:

14 October 2005 - Model originally approved.

19 November 2005 - Model revised to update the Whereas clause and Article I.K with the change in the limitation on reimbursements contained in Section 102 of the Energy and Water Development Appropriations Act, 2006, Public Law 109-103.

Note: For information regarding the approval authority and signature authority for a project specific agreement developed using the current version of the Section 154 Sponsor Performance Design model, go to the Implementation Memo link to see the Section 154 Models for Sponsor Performance of Work Implementation Memo, dated 14 October 2005.

MODEL APPLICABILITY:

The Section 154 Sponsor Performance Design model is one of six models to be developed for providing environmental assistance to non-Federal interests in northern Wisconsin pursuant to Section 154 of Division B of Appendix D, Consolidated Appropriations Act, 2001, Public Law 106-554, as amended. The other models will address different combinations of design, construction, design and construction, and whether the work will be performed by the sponsor or the Government.

This model should be used when the sponsor requests only design of the project be undertaken in the proposed agreement and the sponsor will be performing the work. The Federal share will be provided in the form of reimbursement. This model should not be used for implementation of projects under any of the other environmental infrastructure authorities, an agreement addressing construction only of a Section 154 project, an agreement addressing both design and construction of a Section 154 project, nor for Section 154 projects where the work will be performed by the Government.
