

**Model Agreement  
For Study to Determine the Feasibility of  
Extending the Period of Nourishment  
for a Period Not to Exceed 15 Additional Years**

**Applicability:** the model agreement must be used for all cost shared studies to determine the feasibility of extending the period of nourishment for a period not to exceed 15 additional years at existing authorized hurricane and storm damage reduction projects.

**History:**

1. New model approved 28 January 2016.
