1. Section 4013(e) of the WRRDA 2014 provides general direction and amends Section 316(b)(2) of the Water Resources Development Act (WRDA) of 1996 (Public Law 104-303), Central and Southern Florida, Canal 111, South Dade County, Florida, by:

a. Directing the Secretary shall consider any amounts and associated program income provided prior to the date of enactment of WRRDA 2014 by the Secretary of the Interior for the acquisition of such portions of the Frog Pond and Rocky Glades areas identified in section 316(b)(2) as satisfying the requirements of that paragraph; and as part of the federal share of the cost of implementing the plan under that subsection,

b. Stating that the non-federal interest shall receive credit for land, easements, rights-of-way, and relocations provided for the project as part of the non-federal share of the cost of implementing the plan under section 316(b)(2); and,

c. Inserting a conforming amendment to implement this direction in the first sentence of Section 316(b)(2). This amendment changes the language from the Secretary of the Interior "shall pay" 25 percent to "may pay up to" 25 percent of the cost of acquiring such portions of the Frog Pond and Rocky Glades areas as are needed for the project. Consistent with the unchanged language in Section 316(b)(2), the amount paid by the Secretary of the Interior shall still be included as part of the federal share of the cost of implementing the plan.

2. The amended version of Section 316 of WRDA 1996 is provided as enclosure 1. The specific language of Section 4013(e) of WRRDA 2014 is provided as enclosure 2.

3. Cost-sharing. Project cost-sharing remains unchanged with the federal share of costs other than operation and maintenance remaining 50% Federal and 50% non-federal as identified in the Project Cooperation Agreement (PCA) between the Department of the Army and the South Florida Water Management District as amended 14 August 2014 (hereinafter "the PCA"). In accordance with the PCA dated

13 January 1995, the Amendment No. 1 to the PCA dated 14 August 2014, and statutory language, the federal 50% project cost-sharing shall still include the amounts and associated program income paid by the Department of Interior prior to 10 June 2014 for the costs of acquiring such portions of the Frog Pond and Rocky Glades areas as are needed for the project.
