December 16, 2014

U.S. Army Corps of Engineers  
Attn: CECW- CE (Lisa Kiefel)  
441 G Street NW.  
Washington, DC 20314-1000

To whom it may concern:

I am writing to express my support for the "*Proposals From Non-Federal Interests for Proposed Feasibility Studies and Proposed Modifications to Authorized Water Resources Development Projects or Feasibility Studies for Inclusion in the U.S. Army Corps of Engineers (USACE) Annual Report*" as presented by the Town of Nashville Indiana. If awarded, the funds would be utilized for water funding in the Nashville area.

The primary goal of this feasibility study is to provide the water utility with optional courses of action that would help mitigate further water rate increases which in turn would help promote economic development. Current water rates are higher than most other water utilities in the surrounding areas.

I ask that this request be given full and fair consideration, within applicable laws and regulations, for Town of Nashville's Feasibility Study grant proposal. If I can provide you with any additional information, please contact my grants coordinator, Hal Turner at 812-336-3000. Thank you in advance for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Young", written over a white background.
