

3rd Quarter 04

Directorate of Research & Development

Leading Indicators - Warfighter

Joint Rapid Airfield Construction (JRAC)

Program Management		Proponents / Customers		Technology Transfer		Funding	
--------------------	---	------------------------	---	---------------------	---	---------	---

* MANSCEN and Transportation School have completed the “Air and Ground LOC Initial Capabilities Document” as part of the Enable Theater Access (ETA) initiative. This document is required as part of the Joint Capability and Integration Development System (JCIDS), and is one step in the process leading to transition funding for the program.

Protection Against Terrorist and Conventional Attack in Contingency Environments
