# INDEX

---

Accessibility of work	<i>Paragraph</i>
At grade work .....	3-4
Confined Spaces .....	3-6
Enclosed spaces .....	3-6
Inside work .....	3-4
Work in elevated positions .....	3-6
Underground work .....	3-4
Accidents	
Causes .....	1-1
Handling .....	2-6
Prevention.....	1-1
Reporting .....	2-6
Aerial	
Cable .....	6-15
Lifts .....	3-4, 4-11, 6-14
Line work .....	6-1
Rope use .....	6-12
Work .....	3-4, 6-11
Apparel, general	
Clothing .....	4-3
Clothing do's .....	4-3
Clothing don'ts .....	4-3
Jewelry .....	4-3
Zippers, metal .....	4-3
Apparel, protective	
Aprons .....	4-7, 5-3, 5-13
Contact lenses.....	4-3

## **TM 5-682**

	<i>Paragraph</i>
Dust protection .....	4-3
Eye and face .....	4-3, 5-13
Foot .....	4-3
Gas masks .....	4-3
Gloves .....	3-15, 4-14, 5-13, 6-2, 6-9, 6-11, 7-5, 7-6
Grinding protection .....	4-3
Hearing .....	4-3
Molten metal protection .....	4-3
Respiratory .....	4-3
Skin .....	4-3
Soot protection .....	4-3
Applicability of rules	
Work covered .....	1-2
Persons covered .....	1-2
Basics	
Emergency resuscitation needs .....	11-20
First aid actions .....	11-2
Safety principles .....	3-1
Burning	
Brush .....	6-16
Insulation .....	3-3
Rubbish .....	2-7
Cable	
Aerial .....	6-15
Cutting .....	7-5
Pulling .....	7-2
Underground .....	7-5
Capacitors .....	5-8, 6-11

*Paragraph*

Carelessness.....	2-2
Care of	
Live-line (hot-line) tools .....	4-13
Fiber rope.....	4-9
Wire rope.....	4-9
Chain saws .....	6-16
Clippers .....	4-3, 6-16
Choke coils .....	5-8
Classification of workers	
Groundman.....	2-9
Laborer .....	2-9
Lineman .....	2-9
Patrolling .....	2-9
Patrolman .....	2-9
Troubleman .....	2-9
Worker qualifications .....	2-2, 2-9
Clearances (lockout/tagout).	
Lockouts .....	3-10
Red tagouts .....	3-10
Safe clearances .....	3-10
Tagouts .....	3-10
Yellow tagouts .....	3-10
Climbing	
Equipment .....	6-5
Poles .....	6-4, 6-6, 6-16
Qualified climber .....	6-1
Space .....	6-10
Codes .....	1-1

## **TM 5-682**

	<i>Paragraph</i>
Common neutral systems .....	6-8
Consideration of others .....	2-8
Cooperation .....	6-9
Crossing structures .....	6-7
Danger avoidance	
Barriers .....	3-5, 5-3
Caution signs .....	3-6, 7-2
Danger signs .....	7-2
Flagmen .....	3-5, 7-2
Red flags .....	6-2
Red lights .....	6-2
Signals .....	6-2
Warning devices .....	3-5
Warning signs .....	2-7
Deenergized electrical work .	
Line work rules .....	3-11
Work areas .....	5-3
Defective equipment .....	5-2
Diagrams and schematics .....	5-2
Energized electric work	
Adjacent to energized lines .....	6-8
Anchoring link sticks .....	6-9
Approach distances .....	3-9
Circuits.....	3-8
Distractions .....	6-9
Live line bare-hand work .....	6-9
Live-line maintenance.....	6-9

Live-line tools .....	4-12, 4-13
Over, under, or across energized lines .....	6-8
Permitted work .....	3-15
Potential to ground .....	3-9
Required checks .....	3-15
Standard requirements .....	6-9
Statement of qualifications .....	3-15
Untying conductors .....	6-9
Voltage levels .....	3-15
Washing of insulations .....	6-9
Working distances .....	3-9
Electrical maintenance support .....	4-1
Energy-storing protective devices safety rules .....	5-8
Engineering guidance .....	5-2
Equipment, heavy	
Cranes .....	4-10
Derricks .....	4-10
Winches .....	4-10
Examinations .....	1-1, C-1, C-2, C-3
Fallen wires .....	6-8
Feedback precautions .....	3-8
First aid	
Artificial respiration .....	2-4, 11-21, 12-2
Bites and stings .....	11-15
Bleeding .....	11-4
Broken bones .....	11-5
Burns .....	11-11

	<i>Paragraph</i>
Cardiopulmonary resuscitation (CPR) .....	2-4, 11-22
Chest injuries .....	11-8
Cold emergencies .....	11-13
Concussion .....	11-6
Dislocations .....	11-9
Electric shock.....	11-19
Electric shock accidents .....	10-3
Eye injuries.....	11-14
Fractures.....	11-5
Fundamentals.....	10-2
Gas poisoning .....	11-18
Heat emergencies .....	11-12
Miscellaneous precautions .....	11-23
Obstructed airways .....	11-17
Poisonous plants .....	11-16
Pressure points .....	11-4
Principles .....	10-1
Procedures .....	11-1
Shock .....	11-3
Snakebite .....	2-9, 6-16, 11-15
Spine fractures .....	11-7
Sprains and strains .....	11-10
Tourniquets .....	11-4
Wounds.....	11-4
Fire	
Alarm systems .....	9-3
Extinguishing equipment .....	2-7
Near electric lines .....	6-8

*Paragraph***Fusing**

Fusing safety rules .....	5-7
Fusing transformers and regulators .....	6-11

**Grounding**

Electrostatic grounding.....	3-13
Equipment grounding .....	3-12
General rules .....	3-14
Ground switches .....	3-14
Grounded neutrals .....	6-8
Grounding cables .....	3-13
Interior low-voltage equipment .....	9-3
Lightning protection grounding .....	3-12
Number of sets of grounding devices.....	3-14
Permanent grounding .....	3-12, 6-8
Personal grounding .....	3-13
Protective grounding equipment .....	3-13
Resistance of grounds.....	3-13
System grounding .....	3-12
Temporary grounding.....	3-12, 3-13
Tools .....	4-7
Vehicle grounding .....	3-13
Gum chewing .....	4-7

**Hazard concerns**

Acids .....	4-3, 4-8
Asbestos .....	3-7
Askarel .....	3-7

Carbon tetrachloride .....	4-7
Caustics.....	4-3, 4-8
Creosote .....	3-7, 6-2
Electrical service hazards .....	3-8
Elimination of normal hazards.....	3-3
Energized machinery .....	3-3
Explosive charges .....	4-7
Explosives .....	4-8
Exposed belts and gears .....	4-7
Gasoline engines.....	3-3
Hazardous substances.....	3-7
Job hazard preparation .....	2-5
Phase differences .....	3-8
Polychlorinated biphenyls (PCB) .....	3-7
Potential differences.....	3-8
Sulfur hexafluoride (SF <sub>6</sub> ) .....	3-7
Wood product preservative treatments .....	3-7
Work around sources of electric and magnetic fields .....	3-7
Heating materials	
Compound kettles .....	7-6
Furnaces .....	4-7, 7-6
Heating pots .....	4-7, 7-6
Paraffin .....	7-6
Torches .....	4-7, 7-6
Housekeeping	
Good housekeeping.....	2-7
Safety checks .....	3-5

	<i>Paragraph</i>
Illness .....	2-1
Inching .....	5-6
Inspection of.	
Apparel, tools, and materials.....	4-2
Fiber ropes .....	4-9
Live-line (hot-line) tools .....	4-13
Rubber protective equipment .....	4-14
Tools and equipment .....	4-2
Wire rope.....	4-9
Insulating oil handling .....	4-16
Insulation	
Insulated and insulating tools .....	4-12
Insulated buckets .....	3-15, 4-11, 6-14
Insulating sticks .....	4-12
Insulators .....	6-8
Interior low-voltage	
Battery rooms .....	9-12
Circuit breakers.....	9-3
Control equipment .....	9-3
Fire alarm systems.....	9-2
Fish taps .....	9-3
Fuses .....	9-3
Generators .....	9-2
Guidance .....	9-1
Installations.....	9-3
Motors .....	9-2
Precautions .....	9-2
Safety .....	9-2

Solid-state equipment .....	8-4, 9-2
Switchboards .....	9-3
Interior medium-voltage	
Guidance .....	8-1
Motion hazards .....	8-3
Safety .....	8-2, 8-4
Intoxicating beverages or drugs .....	2-8
Leather goods	
D-rings .....	6-5, 6-6
Leather equipment .....	6-5
Safety belts .....	6-6
Lighting	
Extension lamps .....	4-7
Minimum levels .....	3-6
Temporary lighting .....	3-6
Lines, aerial	
Primary line installations .....	6-8
Secondary line installations .....	6-8
Service connections .....	6-11
Limitations on work .....	2-3, 2-9
Lines, underground .....	7-5
Manuals .....	
Materials handling .....	1-1
Cleaning operations .....	4-8
Compressed gases .....	4-8
Equipment handling .....	4-8
Flammable liquids .....	4-8, 7-6
Hand and forklift trucks .....	4-3

*Paragraph*

Handling chemicals .....	4-3
Load binders .....	4-8
Painting .....	4-7
Poisons and pesticides.....	4-8
Slings .....	4-8
Soldering .....	4-7
Solvents.....	4-7
Storage requiring special handling .....	4-8
Throwing tools and materials .....	4-8
Medical treatment .....	2-6, 10-2, 10-3
Metalclad switchgear safety rules .....	5-11
Network protector safety rules .....	5-12
Night work .....	3-15, 6-2, 7-2
Noise control .....	3-6
Neutral systems .....	6-8
Offenses, penalties .....	2-2
Orientation of new workers .....	2-3
OSHA requirements .....	3-9, 4-11, 4-13
Personal conduct .....	2-8
Phasing circuits .....	3-8, 5-14
Poisonous plants .....	6-16, 11-16
Poles	
Climbing and working on poles .....	6-4, 6-6
Digging pole holes .....	6-3
Dismantling poles.....	6-3
Equipment on poles .....	6-11
Gin pole setting method .....	6-3

## **TM 5-682**

	<i>Paragraph</i>
Ground handling .....	6-2
Hauling poles .....	6-2
Installation of guys.....	6-8
Installing overhead wires .....	6-8
Pike pole setting method.....	6-3, 6-13
Records .....	6-2
Reels .....	6-8, 6-13
Removal of guys.....	6-8
Removal lines .....	6-8
Setting poles .....	6-3
Storage .....	6-2
Stringing and salvaging wire.....	6-8
Winch line setting method .....	6-3
Working on or around pole-mounted equipment .....	6-11
Practical jokes .....	2-8
Red X .....	5-10, 5-2
Regulators .....	6-11
Rescue	
Manhole .....	12-3
Methods .....	12-1
Pole-top .....	12-2
Responsibilities	
Crew members .....	2-1, 4-3
Foremen .....	2-1, 4-3
Personal protective apparel checking .....	4-3
Personal tool checking .....	4-2, 6-5, 6-13
Qualified worker.....	3-10
Supervisors .....	2-1, 3-10

Paragraph

**Rope**

Conductivity .....	6-12
Fiber rope .....	4-9
Handline precautions .....	6-12
Knots and splices .....	6-12
Manila rope .....	4-9
Rope use terms .....	6-12
Safe loads .....	4-9
Snaps for tackle blocks .....	6-12
Synthetic fiber rope .....	4-9
Tackle blocks .....	6-12
Wire rope .....	4-9

**Rubber goods**

Insulator hoods .....	4-14
Line hose .....	4-14
Rubber blankets .....	3-8, 4-14
Rubber gloves .....	4-14
Rubber protective equipment .....	4-14, 5-2
Rubber sleeves .....	4-14

**Rules**

Applicability .....	1-2
Enforcement .....	2-2
Interpretations .....	2-2
Obedience .....	2-1
Persons covered .....	1-2
Safety checklist .....	5-4
Variances .....	1-3
Violations .....	2-2

**Safety**

Area .....	2-7
Field and shop .....	4-5
Fundamentals.....	3-2
General .....	1-1
Meetings .....	2-4
Office .....	4-4
Phasing .....	5-14
Rules checklist .....	5-4
Support .....	4-6
Tools .....	4-7
Unsafe acts .....	3-2
Unsafe conditions .....	3-2
Smoking .....	2-8, 4-7, 5-13
Sobriety .....	2-8
Storage battery safety rules .....	5-13
Street lighting.....	6-10

**Substations**

Abnormal conditions .....	5-2
Station operators .....	5-3
Work .....	5-1
Supervision .....	2-1

**Support**

Boatswain's chairs .....	4-6
Chains .....	4-9
Decking .....	4-6
Hoists .....	4-8
Ladders .....	4-6

	<i>Paragraph</i>
Lifting .....	4-8
Platforms .....	4-6
Rigging .....	4-9
Rigging hardware .....	4-9
Scaffolds .....	4-6
Slings .....	4-9
Trestles .....	4-6
Surge arresters .....	5-8, 6-11
<b>Switches</b>	
Bypass .....	5-10
Double-throw .....	9-3
Knife .....	9-3
Oil .....	5-6
Time .....	6-10
Switching safety rules .....	5-6
System familiarity .....	5-2
System operation .....	5-2
 Taking chances .....	2-8
<b>Testing devices</b>	
Combustible gas/oxygen detectors .....	4-15
Insulation testers .....	4-15
Leakage-current monitors .....	4-15
Line fault locators .....	4-15
Phasing testers .....	3-8, 4-15
Voltage detectors .....	4-15
 Testing of	
Structure before entering .....	7-4
Temporary leads .....	5-5

Testing safety rules.....	5-5
Tobacco chewing.....	4-7
Tools, aerial line work	
A-frames.....	4-10, 6-3
Cant hooks .....	4-12, 6-2, 6-3, 6-13
Gaffs .....	6-5, 6-6
Jacks .....	4-8
Jennies .....	4-7, 6-3, 6-13
Powder-actuated.....	4-7
Safety .....	4-12
Tools, general	
Axes .....	4-7, 6-16
Chisels .....	4-7
Cord connections .....	4-7
Cutting tools .....	4-7
Drill presses .....	4-7
Drills .....	4-7
Extension cords .....	4-7
Grinding wheels .....	4-7
Hand tools .....	4-7
Lathes .....	4-7
Machine guards .....	4-7
Machine tools.....	4-7
Machinery .....	4-7
Measuring .....	4-7
Metal rulers or tapes .....	4-7
Miscellaneous .....	4-7
Picks .....	4-7

	<i>Paragraph</i>
Pneumatic and hydraulic tools .....	4-7
Portable cord-connected power .....	4-7
Sledge hammers .....	4-7
Sockets .....	4-7
Welding .....	4-7
Tools, energized line work	
Cleaning .....	4-13
Fiberglass .....	4-13
Handling and storage .....	4-13
Hot-line tool types .....	4-12
Inspection .....	4-13
Link sticks .....	6-9
Records .....	4-13
Repairs .....	4-13
Specialty tools .....	4-12
Wood .....	4-13
Transformers.	
Connections .....	6-11
Current transformers .....	5-9
Power .....	5-10
Testing .....	6-11
Voltage (potential) transformers .....	5-9
Tree trimming	
Equipment .....	6-16
Qualifications .....	6-16
Two-worker requirement .....	2-1, 3-15, 4-8, 4-14, 6-2, 6-9, 6-11
Use of	
Handline .....	6-12

Live-line tools .....	4-13
Rope, general .....	4-9
Rubber protective equipment .....	4-14
Wire rope .....	4-9
Underground work	
Backfilling .....	7-2
Ditching machines .....	7-2
Excavations .....	7-2
Manholes .....	7-4, 7-5
Obstructions .....	7-3
Precautions before commencing work .....	7-5
Preparation for work in underground structures .....	7-4
Requirements .....	7-1
Ventilation of structures .....	7-4
Work inside underground structures .....	7-5
Waste .....	
2-7, 4-7	
Weather .....	2-4, 3-15, 4-13, 4-14, 6-8
Weeds .....	2-7
