

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
AK	Alaska	Akutan Harbor, AK	Award first phase construction of general navigation features (rubblemound breakwater and dredging for commercial small boat harbor).	7,000,000
AK	Alaska	Alaska Environmental, AK	Award contract to construct water treatment plant.	3,000,000
AK	Alaska	Seward Harbor, AK	Award construction contract for mitigation features and breakwater extension, completing construction of project.	4,522,000
AK	Alaska	Sitka Harbor, AK	Contract for collection of wave, current, and dock motion data, wave hindcast, collection of economic data, and preparation of report.	1,522,000
AL	Mobile	Mobile Harbor, AL	Award and complete Turning Basin contract.	24,985,000
AL	Mobile	Walter F George Lock and Dam, AL & GA	Funds required to complete last modification for rehabilitation of 4 hydropower units. Delaying funding to complete this project will result in reduced contractor hired labor needs during the stimulus period.	2,486,000
AL	Mobile	Walter F George Lock and Dam, AL & GA	Award contract for the design, purchase, construction, and installation of 4 115 kilovolt transformers in the switchyard, to include oil containment systems, switchyard plus reconfiguration and 13.8 kilovolt bus reconfiguration, and removal of existing transformers.	13,316,000
AR	Little Rock	Ozark-Jeta Major Rehab, AR	Fully fund rehabilitation of the Unit 1 turbine to provide clean, renewable energy for the nation.	7,200,000
AR	Little Rock	Ozark-Jeta Major Rehab, AR	Fully fund rehabilitation of the Unit 2 turbine to provide clean, renewable energy for the nation.	7,900,000
AR	Little Rock	White River Minimum Flows, AR	Award construction contract to modify bulkheads, construct valves and siphons at Norfolk Lake. Completes this separate element of the project.	2,156,000
AZ	Los Angeles	Tres Rios, AZ	Award construction contract for the final section (Phase 1C) of the flood protection levee component for the Tres Rios, AZ, project.	1,500,000
AZ	Los Angeles	Tres Rios, AZ	Complete construction of the large environmental wetlands on the Salt River.	15,000,000
AZ	Los Angeles	Tres Rios, AZ	Construction of a large pump station integrated into the regional wastewater treatment plant for the City of Phoenix and other surrounding communities as part of the Tres Rios Environmental Restoration project.	19,930,000
CA	Sacramento	American River Watershed (Common Features), CA	Phase 2 contract efforts would address 96 sites.	14,000,000
CA	Sacramento	American River Watershed (Folsom Dam Raise), CA	A contract to provide environmental mitigation for Folsom Bridge that would restore 55 acres of oak and riparian habitat along the American River Parkway.	3,000,000
CA	Los Angeles	Cambria Seawater Desalination, CA	Award contract to evaluate a desalination plant in order to ensure an adequate water supply. Contract would evaluate site characteristics for the proposed Salt Water intake and brine return line, and prepare environmental documentation in preparation for a Design-Build contract.	530,000
CA	Los Angeles	Cambria Seawater Desalination, CA	Contract would complete a Design Documentation Report and Plans and Specifications for the construction of the desalination plant.	2,000,000
CA	Sacramento	Farmington Recharge (Sec 502)	Contract to a firm that will secure environmental clearances for future ground water recharge sites.	335,000
CA	Sacramento	Farmington Recharge (Sec 502)	Construct ground water recharge site to restore ground water levels.	500,000
CA	Sacramento	Guadalupe River, CA	Award and complete Mitigation contract.	2,500,000
CA	Sacramento	Guadalupe River, CA	Construct two bridges and complete project.	9,000,000
CA	San Francisco	Hamilton Airfield Wetlands Restoration, CA	Seasonal wetland grading water maintenance.	2,000,000
CA	Los Angeles	Harbor/South Bay Water Recycling Study, Los Angeles, CA	Award a construction contract for construction of the Anza Lateral pipeline for the West Basin Municipal Water District's water reclamation project.	129,000
CA	Los Angeles	Harbor/South Bay Water Recycling Study, Los Angeles, CA	Award a construction contract for construction of the Pump Station at Anza for the West Basin Municipal Water District's water reclamation project.	1,000,000
CA	Los Angeles	Harbor/South Bay Water Recycling Study, Los Angeles, CA	Award a construction contract for construction of the Carson Mall Lateral pipeline for the West Basin Municipal Water District's water reclamation project.	1,000,000
CA	Los Angeles	Harbor/South Bay Water Recycling Study, Los Angeles, CA	Award a construction contract for construction of the Lateral 7 pipeline for the West Basin Municipal Water District's water reclamation project.	3,000,000
CA	Los Angeles	Los Angeles County Drainage Area, CA	Complete the final construction related documentation activities and perform the financial close out the project.	245,000
CA	Sacramento	Napa River, CA	Engineering and Design and Supervision and Administration for Napa Creek Construction contract Phase 2.	113,428
CA	Sacramento	Napa River, CA	Complete design of Oxbow Bypass so construction can occur.	150,000
CA	Sacramento	Napa River, CA	Napa Creek Engineer Service during construction - Architect-Engineer contract.	200,000
CA	Sacramento	Napa River, CA	Napa Valley Wine Train project Engr Svc during const AE Architect-Engineer contract	200,000
CA	Sacramento	Napa River, CA	Complete design of Napa Creek using Architect-Engineer contract.	200,000
CA	Sacramento	Napa River, CA	Complete construction of levees and flood features.	250,000
CA	Sacramento	Napa River, CA	Initiate and complete segment 2E construction repairs.	250,000
CA	Sacramento	Napa River, CA	Initiate and complete a Preliminary Design for the Oxbow Pump Station to determine the configuration, site layout, and estimated construction costs of this facility.	350,000
CA	Sacramento	Napa River, CA	Contract out for engineering services for the Napa Valley Wine Train segment during construction.	400,000
CA	Sacramento	Napa River, CA	Complete construction of segment one, Napa Valley Wine Train project.	2,750,000
CA	Sacramento	Napa River, CA	Napa Valley Wine Train project Construction management for Phase I.	6,050,000
CA	Sacramento	Napa River, CA	Initiate and complete South Soscol track/ped. work. Continued construction of Dry Bypass Bridge. Start on First Street utility relocations/construction.	10,000,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
CA	Sacramento	Napa River, CA	Continue of construction of Dry Bypass Railroad Bridge features, which elevates the train tracks out of the dry bypass.	10,000,000
CA	Sacramento	Napa River, CA	Complete First Street reconstruction, initiate and complete North Soscol reconstruction and restore 730 acres of San Francisco Bay estuary.	10,000,000
CA	Sacramento	Napa River, CA	Complete construction of Napa River Bridge and Dry Bypass Bridge.	10,000,000
CA	Sacramento	Napa River, CA	Complete Construction Napa Valley Wine Train project.	10,755,000
CA	Sacramento	Napa River, CA	Initiate and complete construction of Napa Creek site.	35,840,000
CA	Los Angeles	North Valley Regional Water Infrastructure, CA	Initiate Plans and Specifications for Sections 3 and 5 of the water supply pipelines.	7,000,000
CA	San Francisco	Oakland Harbor (50 Foot Project), CA	Complete construction.	1,000,000
CA	San Francisco	Oakland Harbor (50 Foot Project), CA	Complete dredging for 3F, option 8, including full operation of both the Inner and Outer Harbors.	2,200,000
CA	San Francisco	Oakland Harbor (50 Foot Project), CA	Complete dredging for contract 3e, option 6, including full operation of both the Inner and Outer Harbors.	4,600,000
CA	Los Angeles	Port Of Long Beach (Deepening), CA	Complete Plans & Specifications and award dredging contract to deepen the turning basin within the Port of Long Beach.	2,455,000
CA	San Francisco	San Ramon Valley Recycled Water, CA	Complete contract award package for 2nd segment of pipeline and complete the project.	3,477,000
CA	Los Angeles	Santa Ana River Mainstem, CA	Complete Reach 9 improvements.	500,000
CA	Los Angeles	Santa Ana River Mainstem, CA	Construct environmental mitigation measures downstream of Seven Oaks Dam.	1,000,000
CA	Los Angeles	Santa Ana River Mainstem, CA	Complete contract for channel improvements to Reach 9 Phase 2B of the lower Santa Ana River.	26,050,000
CA	Los Angeles	Santa Maria Levees, CA	Complete a construction contract for the first Increment of the Santa Maria River project.	9,031,000
CA	Los Angeles	Santa Maria Levees, CA	Complete construction contract for the second increment of the Santa Maria River project.	10,050,000
CA	Los Angeles	Santa Maria Levees, CA	Complete a construction contract for the third Increment of the Santa Maria River project.	21,150,000
CA	Los Angeles	Santa Paula Creek, CA	Funds will be used to award a fully funded construction contract to provided for fish passage, complete required documentation, and complete project.	7,500,000
CA	Los Angeles	South Perris, CA	Complete final Plans & Specifications for the South Perris desalter project.	41,000
CA	Sacramento	South Sacramento County Streams, CA	Construct 3,000 ft levee	4,000,000
CA	Los Angeles	Tujunga Wash Environmental Restoration, CA	Funds will help restore one overbank of the creek with native vegetation and a small overbank watercourse.	198,850
CA	Los Angeles	Upper Newport Bay, CA	Funding will be used to complete Plans and Specifications and award a fully funded construction project that will complete this environmental restoration of the Upper Newport Bay and turn it over to the local sponsor. The project includes dredging of side channels to provide protection to habitat islands, dredging two large capacity sediments basins, relocating a least tern nesting island, providing restoration measures to the degraded habitat areas, and reestablishing wetland and wildlife habitat areas.	17,363,000
CA	Sacramento	Yuba River Basin, CA	Construction to stabilize and prevent underseepage at the Marysville Ring Levee.	9,250,000
CT	New England	Hop Brook Lake, CT	Construction of Hop Brook Dam safety improvements.	2,200,000
DE	Philadelphia	Restoration Of Grass Dale, DE	Restore approximately 82 acres of degraded tidal marsh habitat by stabilizing eroding embankment, creating open water areas with shallow water habitats, improving tidal circulation, and controlling invasive species and will positively affect 172 acres.	125,000
FL	Jacksonville	Canaveral Harbor, FL	Canaveral Harbor Sand Bypass Monitoring for the environmental permit by Architect-Engineer contract (FY 10).	350,000
FL	Jacksonville	Canaveral Harbor, FL	Canaveral Harbor Sand Bypass Monitoring for the environmental permit by Architect-Engineer contract (FY 11).	350,000
FL	Jacksonville	Canaveral Harbor, FL	Initiate and complete contract for the Canaveral Harbor Sand Bypass contract.	8,000,000
FL	Jacksonville	Central and South Florida	Funding for adaptive management and monitoring will allow for hiring non-Federal employees to install a network of benchmarks in the Everglades marshes, conduct a benthic survey of the Kalosahatchee, St. Lucie and Loxahatchee and Lake Worth Lagoon Estuaries, improve data management for the Everglades Depth Estimation Network project, and conduct field and lab studies of salinity, Submerged Aquatic Vegetation, tree islands and wetland field surveys of wetland fishes.	1,100,000
FL	Jacksonville	Central and South Florida	Melaleuca eradication as part of the Comprehensive Everglades Restoration Plan	2,886,000
FL	Jacksonville	Central and South Florida	Construct Everglades, L-31 Seepage Management Pilot.	5,668,000
FL	Jacksonville	Central and South Florida	Construct Merritt Pump Station for the Picayune area of the Everglades	40,771,000
FL	Jacksonville	Everglades and South Florida Ecosystem Restoration	SBC Basins 2 & 3	4,170,000
FL	Jacksonville	Florida Keys Water Quality Improvements, FL	Funding for Florida Keys Water Quality Improvements will allow for various municipalities in the Florida Keys to be reimbursed for much needed improvements to wastewater and storm water facilities in their area.	408,000
FL	Jacksonville	Florida Keys Water Quality Improvements, FL	Funding for Florida Keys Water Quality Improvements will allow for various municipalities in the Florida Keys to be reimbursed for much needed improvements to wastewater and storm water facilities in their area.	25,000,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
FL	Jacksonville	Jacksonville Harbor, FL	Award base contract for the last segment of the 40' deepening.	2,000,000
FL	Jacksonville	Jacksonville Harbor, FL	Award first construction contract option for Phase I completion of the last segment of the 40' deepening.	10,000,000
FL	Jacksonville	Jacksonville Harbor, FL	Award second construction contract option for Phase II completion of the last segment of the 40' deepening of this major harbor.	13,635,000
FL	Jacksonville	Kissimmee River, FL	Reach C-37 Widening	7,516,000
FL	Jacksonville	Virginia Beach Key, FL (Sec. 1135)	Complete of this ecosystem restoration project, improving environmental habitat and allowing the area to progress to a more natural state.	17,700
GA	Mobile	Atlanta Environmental Infrastructure, GA	Complete design and execute the construction of a priority storm water sewer capacity relief project in this region.	5,682,000
GA	Savannah	J Strom Thurmond Lake, GA & SC	Advertise and award carbon dioxide Fire Suppression System.	1,500,000
GA	Savannah	J Strom Thurmond Lake, GA & SC	Advertise and award Oil-Filled Busswork replacement contract.	2,500,000
GA	Savannah	J Strom Thurmond Lake, GA & SC	Advertise and award Asbestos Tray Replacement contract.	2,900,000
GA	Savannah	Richard B Russell Dam and Lake, GA & SC	Complete the O2 System to mitigate thermal impacts to the fishery. The Underwater diffuser system will complete the Cryogenic O2 facility. Above Ground Cryogenics will be completed in FY2010. This third phase will complete the O2 requirements.	6,300,000
GA	Savannah	Richard B Russell Dam and Lake, GA & SC	Contract for "The Above Ground Cryogenics" facility to mitigate thermal impacts to striped bass habitat.	3,093,500
GA	Savannah	Savannah Harbor Disposal Areas, GA, SC	Raise the dikes for Disposal Area 14A by 6 feet to regain lost capacity in order to support the maintenance dredging of the Savannah Harbor, the 2nd largest container facility on the east coast (FULL FUND) No BCR ratio because it comes through O&M channel	4,200,000
GA	Savannah	Savannah Harbor Expansion, GA	Contracted work includes the Independent External Review by Battelle (this would only require a mod to the current), Contract draft report, final report and printing.	1,100,000
IA	Rock Island	Clear Lake, IA	Fully fund construction contract for aquatic restoration project	990,000
IA	Rock Island	Des Moines and Raccoon Rivers, IA	Construction Contract for Flood damage reduction for the Des Moines and Raccoon Rivers , Des Moines, IA (levees & Flood walls.)	3,336,000
IA	Rock Island	Ia Rvr, IA City, Johnson Co., IA	Fully fund construction contract	194,000
IA	Rock Island	Lock and Dam 11, Mississippi River, IA (Major Rehab)	Award Stage IIIb contract Dam concrete repairs	4,138,000
IA	Omaha	Missouri R Fish And Wildlife Recovery, IA, KS, MO, MT, NE, ND & SD	Missouri River Recovery program contracts designed for supporting populations of native species.	6,900,000
IA	Kansas City	Rathbun Lake Habitat Restoration Project, IA	Award Contract to complete design and implementation phase and construction of shoreline restoration.	25,000
IA	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Odessa habitat restoration on the Mississippi River. Complete construction of interior water control and revegetation of bottom land.	150,000
ID	Walla Walla	Dworshak Dam And Reservoir, ID	Repair of failed waterstops, repair and upgrade instrumentation and complete Report.	2,000,000
ID	Walla Walla	Paradise Creek, City Of Moscow, ID	Complete the design and construction of a stream restoration project on Paradise Creek, in Moscow, Idaho.	3,813,000
ID	Seattle	Rural Idaho, ID	Design and construction assistance for water-related environmental infrastructure and resource protection and development projects in Idaho.	1,035,000
ID	Walla Walla	Rural Idaho, ID	Complete the eastern interceptor design for Shelley Regional Wastewater Treatment System and initiate the interceptor construction.	2,750,000
ID	Walla Walla	Rural Idaho, ID	Design and construction assistance for water-related environmental infrastructure and resource protection and development projects in Idaho.	5,965,000
IL	St. Louis	Chain Of Rocks Canal, Mississippi River, IL (Def Corr)	Complete construction of mitigation measures associated with improvements, to reduce the risk of failure, of the Chain of Rocks levee in Madison County, Illinois.	500,000
IL	St. Louis	Chain Of Rocks Canal, Mississippi River, IL (Def Corr)	Construct relief wells along the south levee berms.	1,000,000
IL	St. Louis	Chain Of Rocks Canal, Mississippi River, IL (Def Corr)	Complete dredging operations for the north levee berms to reduce the risk of failure of the Chain of Rocks levee in Madison County, Illinois.	1,800,000
IL	St. Louis	Chain Of Rocks Canal, Mississippi River, IL (Def Corr)	Complete relief wells construction.	2,500,000
IL	St. Louis	Chain Of Rocks Canal, Mississippi River, IL (Def Corr)	Complete rehabilitation of the north levee berms.	5,650,000
IL	Chicago	Chicago Sanitary and Ship Canal, Dispersal Barriers, IL	Fully fund a contract to construct the control building for Barrier IIB, including the building enclosure and electrical & mechanical support systems.	3,500,000
IL	Chicago	Chicago Sanitary and Ship Canal, Dispersal Barriers, IL	Award a contract to fabricate and install the electric field generating equipment and hydroacoustic monitoring system for Barrier IIB.	3,500,000
IL	Chicago	Cook County Infrastructure, IL	Complete design and construction for Flossmoor Water.	400,000
IL	Chicago	Des Plaines River, IL	Complete Levee 37 Pump Station #2 at Mount Prospect, IL	1,620,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
IL	Rock Island	Illinois River Basin Restoration , IL	Project restores protective island and approximately 45 acres of deep overwintering backwater habitat and wetlands for the benefit of fisheries and migratory waterfowl.	3,200,000
IL	Rock Island	Illinois River Basin Restoration , IL	Construction contract for Waubonsie fish passage.	2,098,000
IL	Rock Island	Illinois Waterway, Lockport Lock and Dam, IL (Replacement)	Award Stage III Grouting contract.	1,231,000
IL	Rock Island	Illinois Waterway, Lockport Lock and Dam, IL (Replacement)	Develop Plans & Specs for Stage III Canal Walls.	2,500,000
IL	Rock Island	Illinois Waterway, Lockport Lock and Dam, IL (Replacement)	Award Stage III contract option for rehab of Canal Wall.	35,200,000
IL	Rock Island	Illinois Waterway, Lockport Lock and Dam, IL (Replacement)	Award Stage III contract options for rehab of Canal Walls.	49,930,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Prepare plans and specifications for the fabrication of new Main Lock Miter Gates for Locks 27.	200,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Install Main Lock Miter Gates at Locks 27.	1,500,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Install the Main Lock Lift Gate for Locks 27.	1,500,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Install Culvert Valves and Culvert Valve Machinery at Locks 27.	2,000,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Contract to construct Upstream Protection Cell at Locks 27.	2,500,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Contract to fabricate new Culvert Valve Machinery for Locks 27.	5,000,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Contract to fabricate the Main Lock Miter Gates for Locks 27.	7,000,000
IL	St. Louis	Lock and Dam 27, Mississippi River, IL (Major Rehab)	Construct Lockwall Tiedowns for Locks 27.	8,000,000
IL	St. Louis	Madison and St. Clair Counties, IL	Complete Phase I construction on the Eagle Park Acres sanitary sewer collector system in Madison County, Illinois.	850,000
IL	St. Louis	Madison and St. Clair Counties, IL	Complete the third phase of the rehabilitation of a combined sewer system in Belleville, Illinois.	906,000
IL	St. Louis	Madison and St. Clair Counties, IL	Complete Phase II construction of the Eagle Park Acres sanitary sewer collector system in Madison County, Illinois.	1,250,000
IL	St. Louis	Madison and St. Clair Counties, IL	Complete the second phase of the rehabilitation of a combined sewer system in Belleville, Illinois.	1,650,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation Main Lock Culvert Valve Machinery Repair Contract.	200,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation tainter gate debris shields installation contract.	200,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation Main Lock Upstream Lift Gate Leaf On-Sill Indicator Installation Contract.	200,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation Service Bridge Crane Rail Connectors Installation Contract.	300,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation tainter gate debris shields fabrication contract..	500,000
IL	St. Louis	Melvin Price Lock and Dam, IL & MO	Navigation direct acting cylinders installation contract.	600,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Initiate & Complete Devil's Island Phase 4 Dike & Revetment contract.	3,400,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Initiate & Complete Red Rock Landing Phase 5 Dike and Revetment contract.	3,400,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Contract to remove natural rock outcropping from within navigation channel and correct areas of hazardous channel conditions.	3,640,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Initiate & Complete Dogtooth Bend Phase 3 D&R contract to correct areas of repetitive maintenance dredging & hazardous channel conditions.	3,644,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Contract to remove natural rock outcropping from within navigation channel and correct areas of hazardous channel conditions.	3,850,000
IL	St. Louis	Miss River Btwn The Ohio and Mo Rivers (Reg Works), MO & IL	Contract to remove natural rock outcropping from within navigation channel.	4,000,000
IL	Chicago	North Park	Complete ongoing construction for emergency streambank protection project for protecting North Park University Administration Building.	500,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
IL	Louisville	Olmsted Locks and Dam, Ohio River, IL & KY	Place tainter gate shells in the river to complete low water activities.	4,906,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Geospatial Information system (GIS) Landscape analysis contract.	300,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Award additional design contract for Rip Rap Landing side channel restoration project on the Mississippi River.	325,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Fully fund Batchtown options for habitat improvement on Mississippi River.	1,000,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Planning, engineering, and design contracts on 3 additional projects.	1,044,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Fully fund Swan Lake options for habitat improvement.	1,160,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Award options Construction Batchtown habitat improvement at various sites on Mississippi River.	2,000,000
IL	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Complete ecosystem models, data assessment projects, and continues collection of LIDAR & bathymetry data contracts.	2,500,000
IL	St. Louis	Wood River Levee, IL	Complete phase 1 gravity drain repairs.	1,545,000
IL	St. Louis	Wood River Levee, IL	Complete phase 1 construction and rehabilitation of pump stations in the Wood River Levee District in Madison County, Illinois.	2,123,000
IL	St. Louis	Wood River Levee, IL	Construct additional relief wells to reduce the risk of failure of the Wood River levee in Madison County, Illinois.	2,436,000
IL	St. Louis	Wood River Levee, IL	Complete phase 1 construction on closure structures located within the Wood River Levee District in Madison County, Illinois.	2,724,000
IL	St. Louis	Wood River Levee, IL	Complete phase 2 gravity drain repairs.	3,000,000
IL	St. Louis	Wood River Levee, IL	Construct relief wells and/or berms to reduce the risk of failure of the Wood River levee in Madison County, Illinois.	3,485,000
IN	Louisville	Hovey Lake Habitat Development, IN	Initiate and Complete ecosystem restoration project to benefit migratory waterfowl.	33,450
IN	Louisville	John T Myers Locks and Dam, IN & KY	Award construction contract for the Resident Engineers Building and Visitor Center for the Lock Extension Project	2,800,000
IN	Louisville	John T Myers Locks and Dam, IN & KY	Award construction contract for Upper Approach Widening for the Lock Extension Project	5,500,000
IN	Chicago	Little Calumet River, IN	Continue and complete Jackson Street Pump as part of Pumps 2B contract.	3,000,000
IN	Louisville	Ohio River Greenway Public Access, IN	Award construction contracts to complete three additional segments of the project.	3,643,000
IN	Louisville	Ohio River Shoreline, IN	Award construction contract to complete the flood damage reduction project	750,000
KS	Kansas City	Stranger Creek, Kansas City (At K-32), KS	Award construction Contract to protect east-west road artery in Kansas City Metropolitan area.	500,000
KS	Kansas City	Turkey Creek Basin, KS & MO	Railroad Bridge relocation as part of project	1,500,000
KS	Kansas City	Turkey Creek Basin, KS & MO	Walled channel construction contract	12,000,000
KS	Kansas City	Tuttle Creek Lake, KS	Complete the ground repair contract.	11,500,000
KS	Kansas City	Tuttle Creek Lake, KS	Complete repair the riprap protection phase.	13,630,000
KS	Kansas City	Tuttle Creek Lake, KS	Continue ground modification work for the dam safety rehabilitation.	20,500,000
KY	Nashville	Kentucky Lock and Dam, Tennessee River, KY	Award Upstream Monolith Construction Contract on Kentucky Lock Addition project to construct partial height monoliths for upstream one-third of the new lock, which will create a more stable configuration for the existing lock than presently exists.	46,500,000
KY	Nashville	Kentucky Lock and Dam, Tennessee River, KY	Complete the majority of remaining design efforts on the project.	3,900,000
KY	Nashville	Kentucky Lock and Dam, Tennessee River, KY	Complete work leading up to relocating a two lane U.S. Highway and a single track railroad on new 3000 foot long bridges across the Tennessee River.	5,300,000
KY	Louisville	Markland Locks and Dam, KY & IN (Major Rehab)	Fabrication of a custom milling machine and associated hardware to be used on site for milling lock embedded metals in preparation for installation of new miter gates	2,000,000
KY	Louisville	Markland Locks and Dam, KY & IN (Major Rehab)	Award construction contract for a miter gate assembly pier to support installation and maintenance of new lock miter gates.	3,300,000
KY	Louisville	Markland Locks and Dam, KY & IN (Major Rehab)	Fabricate and install new lock filling and emptying valves.	4,835,000
KY	Huntington	Southern and Eastern Kentucky	Continue to provide design and construction assistance for non-Federal sponsors for environmental infrastructure projects	1,000,000
KY	Nashville	Wolf Creek Dam, Lake Cumberland, KY	Install a protective concrete embankment wall Technique Areas 1 and 2, and construct a secant pile wall in Critical Area 1	18,000,000
LA	New Orleans	East Baton Rouge Parish Environmental Infrastructure	Award construction contract for the Sewer Force Main along West Roosevelt Rd in Baton Rouge, LA.	750,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
LA	New Orleans	Iberia Parish, LA Environmental Infrastructure	Award construction contract for the tertiary treatment facility with an effluent discharge into the Spanish Lake Wetlands.	4,050,000
LA	New Orleans	Larose To Golden Meadow, LA (Hurricane Protection)	Award a contract to inventory and analyze the residential and commercial structures located within the project area.	2,200,000
LA	New Orleans	Larose To Golden Meadow, LA (Hurricane Protection)	Award contracts for the borings and surveys for design.	4,000,000
MD	Baltimore	Poplar Island, MD	Award construction contract to complete Tidal Inlet and Spillways to create 40 acres of wetlands.	800,000
ME	New England	Bass Harbor, Tremont, ME	Dredge an 8-foot anchorage and expand the upper 6-foot anchorage for commercial fishing fleet.	69,300
ME	New England	Bucks Harbor, Machiasport, ME	Deepen and enlarge anchorage area for commercial fishing fleet.	49,250
ME	New England	Quoddy Narrows, South Lubec Road, Lubec, ME	Construct shoreline protection project to protect life and property.	181,000
MI	Detroit	Oakland County Section 219	Issue an option on an existing contract option for video inspection of sewer transmission lines.	75,000
MI	Detroit	Oakland County Section 219	Issue a contract for design of the Red Run Drain Shoal Removal and Bank Stabilization project.	210,000
MI	Detroit	Oakland County Section 219	Issue a contract for construction of the Red Run Drain Shoal Removal and Bank Stabilization project.	3,540,000
MN	St. Paul	Lock and Dam 3, Mississippi River, MN (Major Rehab)	Award pile-load test contract for determining characteristics of piles required for construction of the guidewall extension.	43,000
MN	St. Paul	Lock and Dam 3, Mississippi River, MN (Major Rehab)	Acquire real estate required for the construction of the lower embankments.	500,000
MN	St. Paul	Lock and Dam 3, Mississippi River, MN (Major Rehab)	Award upper embankment construction contract for pool 3.	4,000,000
MN	St. Paul	Lock and Dam 3, Mississippi River, MN (Major Rehab)	Award design/ build contract for lower embankments	25,000,000
MN	St. Paul	Lock and Dam 3, Mississippi River, MN (Major Rehab)	Award design/ build contract for remainder of project including extension of guidewall for navigation safety concerns.	40,696,000
MN	Detroit	Northeastern Minnesota Environmental Infrastructure, MN	Complete 4 new water supply & wastewater projects for public health and safety.	3,811,000
MN	St. Paul	Northeastern Minnesota Environmental Infrastructure, MN	Complete several new water supply & wastewater projects for public health and safety.	6,189,000
MN	St. Paul	Roseau, MN	Award construction contract for railroad bridge.	4,600,000
MO	Kansas City	Argosy Road Bridge, Riverside, MO	Award fast track erosion Design Contract.	810,000
MO	Kansas City	Blue River Channel, Kansas City, MO	Fully fund current Brush Creek to 53rd Street construction contract	5,200,000
MO	Kansas City	Blue River Channel, Kansas City, MO	Award design build construction contract for 53rd to 63rd Street reach.	10,000,000
MO	St. Louis	Cape Girardeau (Floodwall), MO	Complete phase 1 construction of floodwall repairs (joint repairs, deep soil mixing, subsurface drain replacement).	1,140,000
MO	St. Louis	Cape Girardeau (Floodwall), MO	Complete phase 2 construction and repairs on the floodwall.	1,250,000
MO	St. Louis	Cape Girardeau (Floodwall), MO	Completes rehabilitation of 2 pump stations.	1,630,000
MO	St. Louis	Chesterfield, MO	Completes design of the Walnut Grove section of the floodwall, and the Long Road railroad closure, within the Monarch-Chesterfield Levee District.	400,000
MO	St. Louis	Chesterfield, MO	Complete construction of the levee and floodwall work west of Baxter Rd within the Monarch-Chesterfield Levee District.	651,000
MO	St. Louis	Chesterfield, MO	Complete construction of Walnut Grove railroad closure located within the Monarch-Chesterfield Levee District.	1,215,000
MO	St. Louis	Chesterfield, MO	Complete construction of the Baxter Rd floodwall for the closure structure located within the Monarch-Chesterfield Levee District.	1,500,000
MO	St. Louis	Chesterfield, MO	Complete construction of the levee and floodwall work east of Baxter Rd within the Monarch-Chesterfield Levee District	2,000,000
MO	St. Louis	Chesterfield, MO	Complete construction of railroad closure structure at Centaur Road within the Monarch-Chesterfield Levee District.	2,025,000
MO	St. Louis	Chesterfield, MO	Complete construction on the Walnut Grove floodwall portion of the Monarch-Chesterfield Levee District.	3,470,000
MO	Little Rock	Clearwater Lake, MO	Fully fund Phase 1b contract for exploratory drilling.	35,000,000
MO	St. Louis	Lock & Dam 25 Dam Safety Study, MO	Repair scour of the river bed at the upstream side of Lock & Dam 25 on the Mississippi River near Winfield, Missouri.	3,000,000
MO	St. Louis	Shotwell Creek, Wildwood, MO	Completes construction of bank stabilization project on Shotwell Creek.	153,000
MO	Kansas City	Smithville Aquatic Plantings, MO	Award contract and complete construction on shoreline restoration to protect eroding aquatic habitat and improve water quality at this water supply lake.	6,000
MO	St. Louis	St Louis Flood Protection, MO	Seepage analysis, soil exploration, and design for relief wells associated with the St. Louis Flood Protection Project.	300,000
MO	St. Louis	St Louis Flood Protection, MO	Construction of relief wells associated with the St. Louis Flood Protection Project, protecting the city of St. Louis Missouri.	810,000

**American Recovery and Reinvestment Act of 2009

Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
MO	St. Louis	St Louis Flood Protection, MO	Repair and rehabilitation of closure structures.	1,213,000
MO	St. Louis	St Louis Flood Protection, MO	Award contract for permanent closure of 13 closure structures, and repairs and replacement of remaining gates.	1,500,000
MO	St. Louis	St Louis Flood Protection, MO	Construction of relief wells associated with the St. Louis Flood Protection Project, protecting the city of St. Louis Missouri.	1,680,000
MO	St. Louis	St. Louis, MO (Combined Sewer Overflow)	Complete the rehabilitation of the Old Mill Creek and associated combined sanitary and storm sewer in the city of St. Louis, MO.	7,000,000
MS	Mobile	Gulfport Harbor, MS	Award contract and complete harbor construction.	21,000,000
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Pearl River County, MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	525,000
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Waveland MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	1,772,845
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Biloxi, MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	1,825,000
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Pearlinton, MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	1,934,857
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Macon, MS Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	2,148,450
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Jackson County, MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	5,349,125
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement Tupelo, MS. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	5,351,550
MS	Vicksburg	Mississippi Environmental Infrastructure, MS	Reimbursement of seven Project Partnership Agreements to be executed. Sponsors will use funds to rapidly contract for additional approved environmental infrastructure projects.	12,692,173
MT	Omaha	Rural Montana, MT	Design and construction assistance for water-related environmental infrastructure and resource protection and development projects in Montana a high priority sites.	3,010,000
MT	Seattle	Rural Montana, MT	Design and construction assistance for water-related environmental infrastructure and resource protection and development projects in Montana a high priority sites.	2,634,000
NC	Wilmington	Stanly County Wastewater Infrastructure, NC	Award A/E design contract for the Albemarle to Hwy 200 water main.	275,000
ND	Omaha	Garrison Dam, Lake Sakakawea, ND	Procurement contract for 15 breakers at Garrison hydroelectric power plant	4,500,000
ND	Omaha	Garrison Dam, Lake Sakakawea, ND	Station service construction contract at Garrison hydroelectric power plant	5,500,000
ND	Omaha	Garrison Dam, Lake Sakakawea, ND	Procurement contract for fabrication of three 230 KV transformers at Garrison hydroelectric power plant	9,400,000
ND	Omaha	Garrison Dam, Lake Sakakawea, ND	Installation contract for 3 transformers and 8 High Voltage breakers.	10,000,000
ND	Omaha	Ohio And North Dakota Environmental Infrastructure (Sec 594)	Design and construction assistance for water-related environmental infrastructure and resource protection and development projects in North Dakota.	11,250,000
ND	St. Paul	Ohio And North Dakota Environmental Infrastructure (Sec 594)	Complete rural water systems water supply projects to provide safe water to rural areas.	7,050,000
NE	Omaha	Sand Creek Watershed, Saunders County, NE	Construct sediment trap & wetlands in the upper reaches of the Sand Creek watershed	3,698,000
NE	Omaha	Western Sarpy County And Clear Creek, NE	Award levee construction contract for Sarpy and Saunders counties along the Platte River.	3,300,000
NE	Omaha	Western Sarpy County And Clear Creek, NE	Award next option of levee construction contract for Sarpy and Saunders counties along the Platte River	6,060,000
NJ	Philadelphia	Grover's Mill Pond, Twp Of Windsor, Mercer County, NJ	Award a construction contract that will complete this aquatic ecosystem restoration project.	500,000
NJ	New York	Long Hill Township, NJ	Complete design and construction of the flood risk management project features.	52,800
NJ	New York	Raritan River Basin, Green Brook Sub-Basin, NJ	Fully fund the South Main Street Closure Gate Contract and NJ Transit Closure Gate Contract.	13,000,000
NJ	New York	Raritan River Basin, Green Brook Sub-Basin, NJ	Fully fund Sebrings Mills Bridge raising contract.	20,000,000

Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
NM	Albuquerque	Bottomless Lake State Park, NM	Work will remove salt cedar from 37 acres of wetlands, improve water delivery to 48 acres of wetlands by modifying the outlet channel, create open water habitats, and implement supplemental wetland plantings.	1,218,000
NM	Albuquerque	Middle Rio Grande Flood Protection, Bernalillo To Belen, NM	Award and complete Phase I drilling contract to determine soil characteristics to complete the planning and design report for the construction of flood control levees.	617,000
NM	Albuquerque	Middle Rio Grande Flood Protection, Bernalillo To Belen, NM	Award and complete Phase II drilling contract to determine soil characteristics to complete the planning and design report for the construction of flood control levees.	1,200,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	Complete design of improvements to Santa Cruz Dam to recover lost irrigation storage for northern NM agricultural communities.	163,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	Reimbursement for construction of extension of water and sewer services within the city of Deming NM.	300,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	AE design of water system replacement for the City of Questa NM.	300,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	Reimbursement for construction of extension of water and sewer services within the city of Deming NM.	1,000,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	Construction of water system replacement for the City of Questa NM. Existing water systems are bedded in mine tailings. Construction window is May to November due to winter climate.	1,838,000
NM	Albuquerque	New Mexico Environmental Infrastructure Program, NM	Construction of new Wastewater treatment facility for the City of Eunice, NM (population 2500).	5,200,000
NM	Albuquerque	Rio Grande Floodway, San Acacia To Bosque Del Apache, NM	Award Drilling contract.	500,000
NV	Sacramento	Sec. 595 Rural NV	Complete construction of various sewage transport pipeline upgrades, sewage treatment plants, water supply lines, and storage tanks in various rural communities in Nevada.	3,001,000
NV	Sacramento	Sec. 595 Rural NV	Complete the upgrade of arsenic treatment facilities and sewage treatment plants in various rural communities in Nevada.	7,000,000
NY	New York	County Center, NY	Construct emergency streambank protection measures to protect New York State Bronx River Parkway which is a vital road in the NY area	1,300,000
NY	New York	Long Island Sound, NY	Construct emergency streambank protection measures to protect Suffolk County Route 48.	750,000
NY	New York	New York and New Jersey Harbor, NY & NJ	Award Construction contract for beneficial reuse to restore significant coastal salt marsh habitat within Jamaica Bay, Gateway National Recreation Area, and fully fund the navigation deepening construction contracts.	3,873,000
NY	Buffalo	Onondaga Lake, NY	Construction of Sewer Separations at Combined Sewer Overflow Basin necessary to separate and improve the Combined Sanitary and Storm Sewers in Syracuse, NY.	4,043,000
NY	New York	Orient Harbor, Southold, NY	Construct emergency streambank protection measures to protect New York State Route 25 which is a major artery in Suffolk County, NY	1,000,000
NY	New York	Yonkers Ave, Tuckahoe, NY	Construct emergency streambank protection measures to protect Yonkers Avenue	750,000
OH	Louisville	Metropolitan Region Of Cincinnati, Duck Creek, OH	Award a fully funded contract for construction of the final phase of the project.	9,384,000
OK	Tulsa	Big Lake Ecosystem Restoration	Award contract to construct critical habitat for threatened or endangered species.	39,700
OK	Tulsa	Joe Creek Habitat Restoration, Tulsa, OK	Award contract for project construction to restore critical habitat in an urban stream environment.	214,700
OK	Tulsa	Lawton, Oklahoma	Award service contract for oversight of real estate acquisition.	34,250
OK	Tulsa	Lawton, Oklahoma	Award construction contract and complete project	585,000
OR	Walla Walla	Camp Creek, Zumwalt Prairie Preserve, OR	Complete the design and construction of a stream restoration project on the Zumwalt Priarie in Wallow County, Oregon.	560,000
OR	Portland	Columbia River Channel Improvements, OR & WA	Award a fully funded contract for navigation channel rock removal (blasting.)	26,600,000
OR	Portland	Columbia River Treaty Fishing Access Sites, OR & WA	Complete site restoration in conjunction with reconstruction of Celilo Indian Village, OR.	330,000
OR	Portland	Columbia River Treaty Fishing Access Sites, OR & WA	Fully fund award of design/build contract for Dallesport Treaty Fishing Access Site.	13,000,000
OR	Portland	Columbia River Treaty Fishing Access Sites, OR & WA	Fully fund award of design/build contract for the Wyeth Treaty Fishing Access Site.	15,000,000
OR	Portland	Eugene Delta Ponds, OR	Work will replace a perched culvert that prohibits fish passage through the Delta Ponds and creates riparian/wetland benches along the ponds.	2,337,000
OR	Portland	Springfield Millrace, OR	Complete Construction of Phase I, the new channel inlet structure; and initiate Phase II, habitat restoration and removal of invasive species.	1,400,000

Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
OR	Walla Walla	Walla Walla River Section 1135, OR	Complete the construction of in-stream structures to stabilize and guide flows to the fish ladder near Milton-Freewater, Oregon.	35,500
OR	Portland	Willamette River Temperature Control, OR	Complete emergency repair of rock fall in gate chamber.	3,000,000
PA	Pittsburgh	Emsworth Locks and Dam, Ohio River, PA	Work consists of stabilizing one dam gate bay at the back channel dam.	4,000,000
PA	Pittsburgh	Emsworth Locks and Dam, Ohio River, PA	Work consists of stabilizing one dam gate bay at the back channel dam.	5,000,000
PA	Pittsburgh	Emsworth Locks and Dam, Ohio River, PA	Award contract to stabilize the back channel abutment and completing the service bridge.	7,000,000
PA	Pittsburgh	Emsworth Locks and Dam, Ohio River, PA	Work consists of stabilizing two dam gate bays at the back channel dam.	17,425,000
PA	Philadelphia	Francis E Walter Dam, PA	Award contract to fix seepage problem in the right abutment that occurs at higher pool levels.	3,573,000
PA	Baltimore	Lackawanna River, Scranton, PA	Award construction contracts and contract options to complete the project's remaining items which include the levee and floodwall in lower Green Ridge and the relief wells in Plot.	7,071,000
PA	Pittsburgh	Locks and Dams 2, 3 and 4, Monongahela River, PA	Funds will be used to complete the construction of the river wall.	17,000,000
PA	Pittsburgh	Locks and Dams 2, 3 and 4, Monongahela River, PA	Funds will be used to construct an Upper Guard Wall which will guide river traffic into the locks and away from the dam.	32,000,000
PA	Pittsburgh	Locks and Dams 2, 3 and 4, Monongahela River, PA	Funds will be used to construct a Lower Guard Wall which will guide river traffic into the locks and away from the dam.	35,000,000
PA	Baltimore	Nanticoke Creek, Luzerne County, PA	Award a design and a construction contract to complete aquatic ecosystem restoration which will improve habitat and reduces risk to the public.	2,300,000
PA	Philadelphia	Prompton Lake, PA	Complete Operations Building.	2,700,000
PA	Philadelphia	Prompton Lake, PA	Complete Access Road and Bridge Over Spillway	2,705,000
PA	Philadelphia	Prompton Lake, PA	Complete Spillway Modifications	11,000,000
PA	Pittsburgh	Sheraden Park & Chartiers Creek, PA	Complete plans and specifications to restore Chartiers creek to its original state and award first contract for construction	500,000
PA	Pittsburgh	South Central Pennsylvania Environmental Improvement Program, PA	Complete several environmental infrastructure projects.	4,500,000
PA	Philadelphia	South Hampton Creek, Environmental Restoration	This project will restore Southampton Creek using natural stream channel design to restore the riparian ecosystem along approximately two miles of degraded urban stream.	1,434,000
PA	Philadelphia	Southeastern Pennsylvania, PA	Design improvements to the aquatic habitat of Cobbs Creek by removing impediments, e.g. dams, to the existing anadromous and semi-migratory fish species.	100,000
PA	Philadelphia	Southeastern Pennsylvania, PA	Pennsylvania Streams in Delaware County and the portions of Chester County and Montgomery County - Initiation of an analysis evaluating environmental improvement projects within Delaware and Chester County watersheds that suffer from poor aquatic habitat and aquatic ecosystem quality due to increased development and insufficiently managed surface runoff.	250,000
PA	Philadelphia	Southeastern Pennsylvania, PA	Cobbs Creek Habitat Restoration, PA -Funds will be used to execute a Design Agreement with the sponsor, finalize designs and award contract to begin construction for stream restoration projects within the Cobbs Creek Watershed	500,000
PA	Philadelphia	Southeastern Pennsylvania, PA	Mill Creek Diversion, PA - Funds allow for the completion of an analysis which will include preliminary designs for the Mill Creek Watershed to reduce the volume and frequency of Combined Sewer Overflows into the Schuylkill River.	516,600
PA	Philadelphia	Southeastern Pennsylvania, PA	Funds will be used to execute a Design Agreement with the sponsor, review existing designs and award contract to begin construction of a stream restoration project within the Tookany-Tacony-Frankford Watershed	880,000
PA	Pittsburgh	Three Rivers Wet Weather Demo Program, PA	Complete plans, specifications and construction of Sheraden Park environmental infrastructure project.	325,000
PA	Pittsburgh	Three Rivers Wet Weather Demo Program, PA	Complete plans, specifications and construction of Aspinwall Borough environmental infrastructure project.	1,000,000
PA	Pittsburgh	Three Rivers Wet Weather Demo Program, PA	Complete plans, specifications and construction of Findlay Township infrastructure project.	1,475,000
PA	Pittsburgh	Three Rivers Wet Weather Demo Program, PA	Complete plans, specifications and construction of Homestead Run environmental infrastructure project.	1,500,000
PA	Pittsburgh	Three Rivers Wet Weather Demo Program, PA	Complete plans, specifications and construction of Pine Hollow Run environmental infrastructure project (s).	3,000,000

**American Recovery and Reinvestment Act of 2009

PA	Baltimore	Wyoming Valley, PA (Levee Raising)	Complete design, award, and construction of Relief Wells.	2,830,000
PA	Baltimore	Wyoming Valley, PA (Levee Raising)	Complete design, award, and construction of Toby Creek Phase 2.	4,500,000
PR	Jacksonville	Rio De La Plata, PR	Complete design and land acquisition and award Construction Contract for Reach 1B. Award Phase I flood damage reduction construction contract.	30,000,000
PR	Jacksonville	Rio Puerto Nuevo, PR	Complete Margarita channel.	4,000,000
PR	Jacksonville	Rio Puerto Nuevo, PR	Continue Margarita contract.	24,000,000
RI	New England	Ten Mile River, RI	Construct fish passage facilities at one of the three lowest dams on the ten mile river	410,000
SC	Charleston	Lakes Marion and Moultrie, SC	Award a construction contract for Ellore Reach Ph 2 water transmission line.	2,900,000
SC	Charleston	Lakes Marion and Moultrie, SC	Award a construction contract for the Holly Hill Ph I water transmission line.	9,000,000
SD	Omaha	Cheyenne River Sioux Tribe, Lower Brule Sioux, SD	Complete various aspects of Cheyenne River sediment contamination study contract.	1,000,000
SD	Omaha	Cheyenne River Sioux Tribe, Lower Brule Sioux, SD	Complete various aspects of Cheyenne River sediment contamination study contract.	1,700,000
SD	Omaha	Cheyenne River Sioux Tribe, Lower Brule Sioux, SD	Complete various aspects of terrestrial wildlife restoration construction activities.	2,129,000
SD	Omaha	Missouri River Restoration, SD	Implementation of site specific study contracts for conservation, protection, erosion control, water quality, and protection of cultural and historical sites along the Missouri River in South Dakota	1,000,000
TN	Nashville	Chickamauga Lock, Tennessee River, TN	Continue work on several various Lock and Dam project features	5,000,000
TN	Nashville	Chickamauga Lock, Tennessee River, TN	Continue work on structural steel gates, Valves and bridges.	25,500,000
TN	Nashville	Chickamauga Lock, Tennessee River, TN	Construct various features of the lock approach walls.	27,000,000
TN	Nashville	Metro Center Levee, Nashville, TN	Correcting deficiencies to the levee bringing the levee into compliance with current design standards. The work involves contracts for tree removal, soil analysis, surveys, and levee construction/repair.	32,900
TX	Galveston	Corpus Christi Ship Channel, TX	Award construction contract to construct Placement Area 14 to reduce future maintenance costs.	1,500,000
TX	Galveston	Houston - Galveston Navigation Channels, TX	Award contract for Grass Plantings at Bolivar Marsh.	300,000
TX	Galveston	Houston - Galveston Navigation Channels, TX	Award contract for Atkinson Island Grass Planting.	500,000
TX	Galveston	Houston - Galveston Navigation Channels, TX	Award PH II contract to dredge Galveston Channel to authorized project depth. Completes project.	25,134,000
TX	Galveston	Houston - Galveston Navigation Channels, TX	Award contract to rehabilitate and enlarge Mid Bay Placement Area and create 200 acres of wetland marshes, which reduces future maintenance costs.	25,400,000
TX	Galveston	Houston - Galveston Navigation Channels, TX	Award contract to rehabilitate Placement Areas 14 & 15 to increase dredged material placement capacity and reduce future maintenance costs.	35,400,000
TX	Fort Worth	San Antonio Channel Improvement Project	Award Construction Contract for Phase 2a of the Mission Reach Ecosystem Restoration Project.	9,400,000
TX	Fort Worth	San Antonio Channel Improvement Project, TX	Award construction Contract to fully fund completion of Phase 2A of the Mission Reach Ecosystem Restoration Project.	16,000,000
TX	Galveston	Sims Bayou, Houston, TX	Award contract for Plug removal .	7,739,000
TX	Galveston	Sims Bayou, Houston, TX	Award contract for Reach 8B.	22,800,000
TX	Galveston	Texas City Channel (50-Foot Project), TX	Award contract to dredge Main Channel. Completes project.	44,086,000
UT	Sacramento	Rural Utah	Construct water supply tank and associated pipeline in Deweyville, UT in accordance with existing agreement.	50,000
UT	Sacramento	Rural Utah	Construct wastewater treatment plant improvements in Granstville, UT in accordance with existing agreement.	65,000
UT	Sacramento	Rural Utah	Construct water supply pipeline in Brigham City, UT in accordance with an existing agreement.	80,000
UT	Sacramento	Rural Utah	Construct well and associated pipeline in Mantua, UT in accordance with an existing agreement.	100,000
UT	Sacramento	Rural Utah	Construct well and associated pipeline for Blanding, UT in accordance with existing agreement.	350,000
UT	Sacramento	Rural Utah	Construct water supply tank and associated pipeline in Honeyville, UT in accordance with the existing agreement.	355,000
UT	Sacramento	Rural Utah	Construct water supply storage facility in Kane, UT in accordance with existing agreement.	400,000
UT	Sacramento	Rural Utah	Construct water supply settling basin and associated pipeline in Emery, UT in accordance with the existing agreement.	400,000
UT	Sacramento	Rural Utah	Construct wastewater treatment plant improvements in Richmond, UT in accordance with existing agreement.	1,200,000

**American Recovery and Reinvestment Act of 2009  
Army Corps of Engineers - Civil Works Expenditure Plan  
Construction Updated 9 Oct 2009**

Primary State	Corps District	Project Name	Work Description	Planned Allocation (\$)
VA	Norfolk	Cap Eliz River, Odu, VA (206)	Award a contract to construct a wetlands restoration project in the drainage canal at old dominion university. Work consists of filling and grading with clean wetland sediments and planting with native wetland plants.	235,000
VA	Norfolk	Cap Elizvr, Scuffletwn, VA (206)	Award construction contract for wetlands restoration project at scuffletown creek.	135,000
VA	Wilmington	Roanoke River Upper Basin, Headwaters Area, VA	Award construction contract for flood damage reduction and greenway trail features by a new contract creating jobs in the local economy.	2,585,000
VA	Wilmington	Roanoke River Upper Basin, Headwaters Area, VA	Complete all flood damage reduction features of the project.	2,666,000
WA	Portland	Columbia River Fish Mitigation, WA, OR & ID	Award various contract actions to accelerate progress on biological work (lampreys) required by court decision.	2,000,000
WA	Portland	Columbia River Fish Mitigation, WA, OR & ID	Award various contracts to maintain progress on biological work required by court decision.	5,300,000
WA	Portland	Columbia River Fish Mitigation, WA, OR & ID	Accelerate progress on biological work required by court decision by awarding a construction contract for the B1 surface bypass wall removal.	7,000,000
WA	Portland	Columbia River Fish Mitigation, WA, OR & ID	Advance required biological work required by court decision.	9,397,000
WA	Seattle	Duwamish And Green River Basin, WA	Upper Springbrook - Complete Plans & Specifications	140,000
WA	Seattle	Duwamish And Green River Basin, WA	Big Spring Creek - Complete Plans & Specifications	150,000
WA	Seattle	Duwamish And Green River Basin, WA	Riverview Park - Complete Plans & Specifications J359	150,000
WA	Seattle	Duwamish And Green River Basin, WA	Mill Creek Wetland - Complete Plans & Specifications.	240,000
WA	Seattle	Duwamish And Green River Basin, WA	Award contract for Main Stem Levee Restoration Phase 1 Plans & Specifications.	400,000
WA	Seattle	Duwamish And Green River Basin, WA	Upper Springbrook - Award fully funded contract.	800,000
WA	Seattle	Duwamish And Green River Basin, WA	Riverview Park-Award fully funded contract.	2,200,000
WA	Seattle	Duwamish And Green River Basin, WA	Main Stem Levee Restoration Phase 1 Award contract.	5,000,000
WA	Portland	Lower Columbia River Ecosystem Restoration, OR & WA	Complete the Julia Butler Hansen National Wildlife Refuge site. Construction work consists of restoring wetlands, installing culverts with fish friendly tide gates, and planting 210 acres with riparian plantings.	1,580,000
WA	Portland	Lower Columbia River Ecosystem Restoration, OR & WA	Award design/build contract for three to five tidally connected wetland sites.	1,600,000
WA	Portland	Mt St Helens Sediment Control, WA	Dredge sediment from the lower Cowlitz river.	1,200,000
WA	Portland	Mt St Helens Sediment Control, WA	Complete 1,700 feet of improvements to the Castle Rock levee along the Cowlitz River for flood protection.	2,800,000
WA	Portland	Mt St Helens Sediment Control, WA	Modify the existing spillway at the North Fork Toutle Sediment Retention Structure.	3,000,000
WA	Seattle	Puget Sound And Adjacent Waters Restoration, WA	Initiate and complete construction of Phase II of Seahurst Park.	1,800,000
WI	St. Paul	Northern Wisconsin Environmental Assistance, WI	Initiate and complete several new water supply and wastewater projects for public health, safety and the environment.	1,310,000
WI	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Award additional options Pool 8 phase 3 construction of Islands on the Mississippi River.	1,000,000
WI	Rock Island	Upper Mississippi River Restoration, IL, IA, MN, MO & WI	Initiate Stage 3 Pool 8 construction contract for construction of Islands on the Mississippi River.	3,700,000
WV	Huntington	Bluestone Lake, WV	Installation of approximately 10 anchors in critical monoliths to provide an increase in the flood storage elevation by approximately 7 feet.	11,000,000
WV	Huntington	Bluestone Lake, WV	Install additional anchors in critical sections of the dam to increase the flood control capacity.	25,000,000
