COMMANDER'S POLICY MEMORANDUM #8

SUBJECT: Hearing Protection and Safety Awareness

1. Hearing conservation is a constant challenge, therefore we must do all we can to encourage safety awareness among all members of this organization.
2. To accomplish this goal, all military personnel assigned or attached to USACE will wear a USACE Safety Pin on a standard Army flat earplug case attached to their BDU uniform shirt (also referred to as a jacket and coat). The pin will be centered on the front of the case, the case will be positioned with the top of the case pointing left as you wear it, and the case and chain will be buttoned to the inside right breast pocket flap button.
3. Earplugs and cases are available through Army supply channels. Units can purchase Safety Pins through our approved supplier. An initial issue of earplugs and cases and USACE Safety Pins will be sent to you shortly.

ROBERT B. FLOWERS
Lieutenant General, USA
