

CECW-EE

Manual
No. 1110-1-1004

1 June 2002

**Engineering and Design
GEODETIC AND CONTROL SURVEYING**

Table of Contents

Subject	Paragraph	Page
Chapter 1		
Introduction		
Purpose.....	1-1	1-1
Applicability.....	1-2	1-1
Distribution.....	1-3	1-1
References.....	1-4	1-1
Background.....	1-5	1-1
Scope of Manual.....	1-6	1-1
Life Cycle Project Management.....	1-7	1-2
Metrics.....	1-8	1-2
Trade Name Exclusions.....	1-9	1-2
Abbreviations and Terms.....	1-10	1-2
Mandatory Requirements.....	1-11	1-3
Proponency.....	1-12	1-3
Chapter 2		
Control Surveying Applications		
General.....	2-1	2-1
Project Control Densification.....	2-2	2-1
Geodetic Control Densification.....	2-3	2-1
Vertical Control Densification.....	2-4	2-1
Structural Deformation Studies.....	2-5	2-2
Photogrammetry.....	2-6	2-2
Dynamic Positioning and Navigation.....	2-7	2-2
GIS Integration.....	2-8	2-3

Subject	Paragraph	Page
Chapter 3		
Standards and Specifications for Control Surveying		
General.....	3-1	3-1
Accuracy	3-2	3-1
General Procedural Standards and Specifications	3-3	3-3
Construction Surveys	3-4	3-5
Cadastral and Real Estate Surveys	3-5	3-5
Geodetic Control Surveys.....	3-6	3-5
Topographic Site Plan Mapping Surveys	3-7	3-6
Structural Deformation Surveys.....	3-8	3-6
Photogrammetric Mapping Control Surveys	3-9	3-6
Hydrographic Surveys.....	3-10	3-6
GIS Surveys	3-11	3-7
Mandatory Requirements	3-12	3-7
Chapter 4		
Reference Systems and Datum Transformations		
Reference Systems	4-1	4-1
Geodetic Coordinates.....	4-2	4-2
State Plane Coordinate System.....	4-3	4-4
Universal Transverse Mercator Coordinate System.....	4-4	4-6
Datum Transformations.....	4-5	4-8
Horizontal Datum Transformations	4-6	4-8
Horizontal Transition Plan.....	4-7	4-11
Vertical Datums	4-8	4-13
Vertical Datum Transformations	4-9	4-14
Vertical Transition Plan.....	4-10	4-15
Mandatory Requirements	4-11	4-16
Chapter 5		
Horizontal Control Survey Techniques		
Introduction.....	5-1	5-1
Secondary Horizontal Control.....	5-2	5-2
Traverse Survey Standards	5-3	5-3
Traverse Survey Guidelines.....	5-4	5-4
Traverse Classifications	5-5	5-6
Triangulation and Trilateration	5-6	5-6
Bearing and Azimuth Determination.....	5-7	5-7
Mandatory Requirements	5-8	5-8
Chapter 6		
Vertical Control Survey Techniques		
General.....	6-1	6-1
Second Order Leveling.....	6-2	6-4
Third Order Leveling	6-3	6-7
Mandatory Requirements	6-4	6-8

Subject	Paragraph	Page
Chapter 7		
Miscellaneous Field Notekeeping and Procedural Requirements		
Field Notes.....	7-1	7-1
Horizontal Control Survey Field Notes.....	7-2	7-2
Vertical Control Survey Field Notes	7-3	7-2
Rights-of-Entry.....	7-4	7-2
Mandatory Requirements	7-5	7-3

Appendix A
References

Appendix B
CORPSCON Technical Documentation and Operating Instructions

Appendix C
Development and Implementation of NAVD 88

Appendix D
Requirements and Procedures for Referencing Coastal Navigation Projects to Mean Lower Low Water (MLLW) Datum
