# Key Messages for Hurricane Beryl

## Advisory 39: 4:00 AM CDT Mon Jul 08, 2024

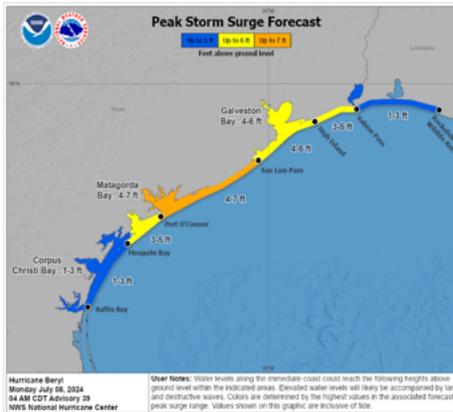

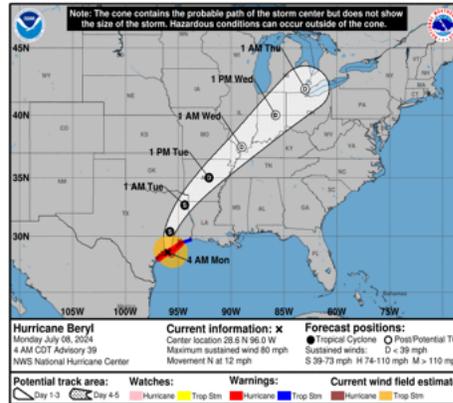

1. There is a continuing danger of life-threatening storm surge inundation along the coast of Texas from Mesquite Bay to Sabine Pass, including Matagorda Bay and Galveston Bay. Residents in those areas should follow any advice given by local officials.

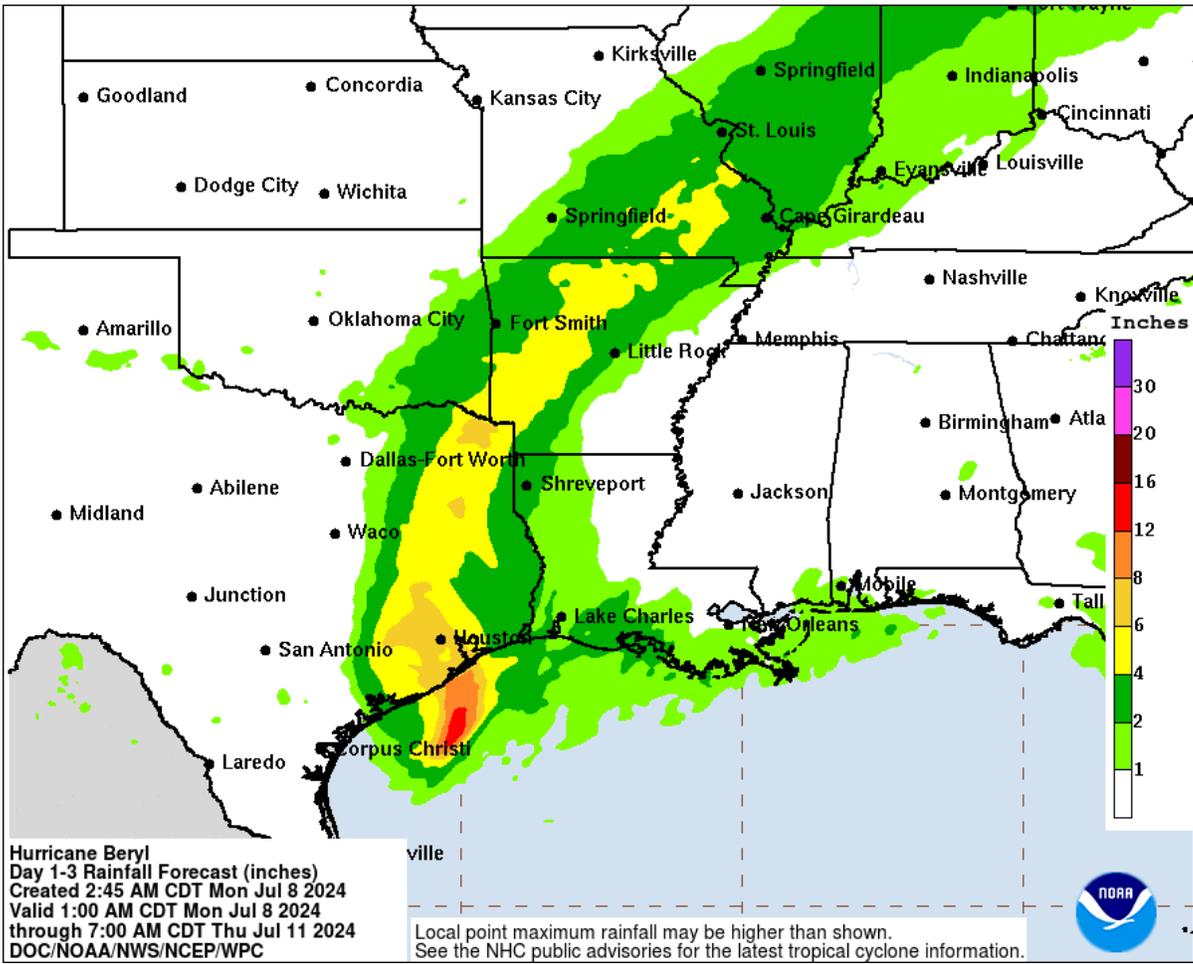

2. Beryl is bringing damaging hurricane-force winds to portions of the Texas coast this morning. A Hurricane Warning is in effect from Mesquite Bay to Port Bolivar.

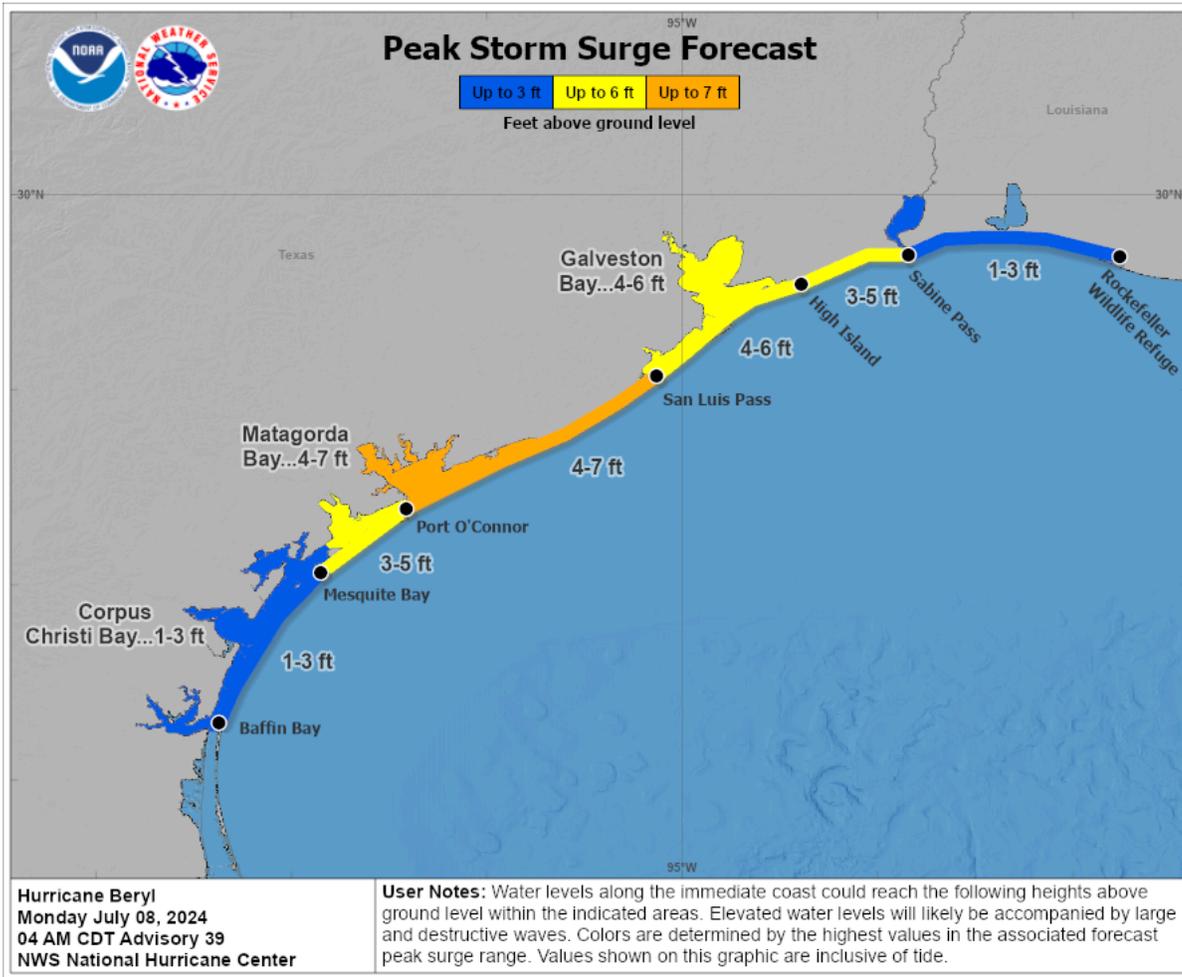

3. Considerable flash and urban flooding is expected today into tonight across portions of the middle and upper Texas Gulf Coast and eastern Texas. Minor to isolated major river flooding is also expected.

4. Rip currents will cause life-threatening beach conditions through Tuesday across much of the Gulf Coast. Beachgoers should heed warning flags and the advice of lifeguards and local officials before venturing into the water.
