Dear Mr. Heisel:

Your Data Quality Act Request for Correction (RFC) concerning the U.S. Army Corps of Engineers, Upper Mississippi River Flow Frequency Study, released in February 2004, was received in the Office of the Chief Information Officer (CIO) for processing as the USACE Interim Information Disseminating Activity. Your RFC was received on April 6, 2005.

The Corps of Engineers will review your RFC and send you a decision within 60 working days, June 30, 2005. If the Corps is unable to provide you with a response by that date, you will be contacted and advised of a new response date. Should you have questions or require further information, I can be reached at 202-761-8557 or e-mail at Richard.C.Frank@usace.army.mil.
